The Needs of the Communities	06

ACKNOWLEDGMENT

On behalf of Irepodun-Ifelodun LGA, we wish to acknowledge all the stakeholders that participated in producing this very useful Community Development Plan. This Plan was produced through a highly inclusive and participatory process. No stakeholder group was left out of the process. The following major stakeholders actively participated in the process of identifying the needs, resources and assets of the communities: Traditional Rulers / Chiefs, *Baale*, *Iyalojas*, Leaders of Community Development Associations, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees as well as LGA Officials.

We also express our appreciation to the team of community volunteers and Local Government Officials who worked tirelessly over a period of 3 weeks, moving from community to community, organising Focus Group Discussions and In-depth Interviews with different community members to collate their needs, and also visited schools, health facilities and the sites of social amenities to ascertain their conditions.

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) supported by the MacArthur Foundation.

Through this Community Development Plan, our communities have expressed their needs and aspirations for promoting their progress and welfare. We have no doubt that this Plan will go a long way in helping us to achieve cost-effective development at the local level.

The LGA will work closely with the different stakeholders to ensure effective implementation of this Community Development Plan.

Name: **Hon. Obanileye Samuel**
Chairman, Irepodun-Ifelodun LGA

Name: **H. M. Oluwalanle**
Chairman, Traditional Council of Obas

INTRODUCTION

This Community Development Plan (2021 – 2023) of Irepodun-Ifelodun Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan is the outcome of a collaborative effort of the Local Government and community leaders. It was developed through a highly inclusive and participatory process, which allowed all major community stakeholders to express their voice on their needs. It captures the needs of communities as identified by the Traditional Rulers / Chiefs, Baale, Iyalojas, Leaders of Community Development Associations, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees

The Plan outlines community needs in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

Benefits of the Community Development Plan

This Community Development Plan is beneficial to the government and communities in many ways. It will:

- help the government to:
 - know the real needs of the people;
 - prioritise the needs of the different communities;
 - wisely allocate government funds;
- make it easier for both the LGA and the state government to harmonise their development efforts in the communities to avoid duplication of projects;
- reduce the siting of unsustainable projects in communities;
- make the budget preparation process easier for both the LGA and the state government.

In addition,

- Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- Communities can also use the plan to engage their elected representatives to choose their constituency projects from the real needs captured in the Plan;
- The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

Background Information

Irepodun-Ifelodun Local Government, with headquarters in Igede town, is located in Ekiti Central Senatorial district. It has a population size of 131,330 according to 2006 Census and a land mass of about 362 square kilometres.

Christianity and Islam are the major religions; with a percentage of the people practising the Traditional Religion. The major occupation are farming and public service work. Those who practice farming engage in cash crops, food crops and livestock rearing.

The local government comprises 13 major communities - *Afao, Araromi-Obo, Are, Awo, Esure, Eyio, Igbero, Igede-Ekiti, Ilomu, Iropora, Iworoko, Iyin and Orun.*

The LGA has a traditional Council of Obas currently led by the Oluyin of Iyin Ekiti. The leadership of the Council is rotated every 2 years.

The places in the local government that attract tourists are the Osun and Elemo Tourist Centres, both located at Igede-Ekiti.

Vision of the Communities in Olorunda Local Government

We want to see a society with functional basic amenities and infrastructure like quality water, hospitals, schools, roads, recreational centres as well as industries that will empower and improve the quality of our lives.

How the Plan was developed

A team of volunteers made up of Community Leaders and Community Development Officers in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment; the team then visited communities to collate their needs.

The needs assessment was carried out over a period of 3 weeks in the above-mentioned 13 communities in the LGA.

The team went round the communities, visited the Oba, and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders interviewed include: Traditional Rulers / Chiefs, *Baale*, *Iyalojas*, Leaders of Community Development Associations, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

The Team also visited health facilities and schools to ascertain the conditions of the facilities.

A Town Hall Meeting was organised to review the Needs collected by the Needs Assessment Team. At the Town Hall Meeting, stakeholders reviewed the Community Needs that the Team had collated to make sure that they were accurate. The stakeholders were able to make further input, which helped to ensure that the collated Needs actually reflect the real Needs of the communities.

THE NEEDS OF THE COMMUNITIES

1. Water and Waste Disposal

1.1 The Water Situation

Sources of water for the communities are boreholes, wells and streams.

Faulty Boreholes

The LGA has 34 non-functioning boreholes spread across the communities; these are:

- 3 boreholes are located in *Afao community* [Along Are Ekiti, Along Ado Ekiti, Temidire, Odo Ode, Egbara Camp];
- 1 borehole in *Araromi Obo community* [in front of Emmanuel Anglican Church, Kajola, Oke];
- 4 boreholes in *Are community* [Ayegunle, St Andrew School compound, Idemo and Market place];
- 3 in *Awo community* [at Erewa, Ejisun and Okeuba];
- 2 boreholes in *Esure community*;
- 4 boreholes in *Igbemo community* [at Ilemo, Iyedi, Iro, Aafin];
- 7 boreholes in *Igede-Ekiti community*;
- 4 boreholes in *Iropora community* [at Imogun, Oloro, Odiolowo and Mosque];
- 2 boreholes in *Iyin community*; and
- 4 boreholes in *Orun community* [at Aafin Compound, Umeh, Ilemo and Odokoro].

1.2 The Waste Disposal Situation

There is need for a proper waste disposal system in the communities. Household waste, including plastics, are collected and taken to the dumpsite or thrown into the bush. Households without toilets practice open defecation.

2. Education Sector

2.1 The Situation of schools in the LGA

Irepodun-Ifelodun has 49 primary schools, 14 secondary schools and 1 Women Skill Acquisition Centre located at Igede-Ekiti community.

13 primary schools in Iyin community; 10 in Igede-Ekiti; 6 in Awo; 5 in Igbemo, 4 in Afao, 2 schools each in Araromi Obo, Iropora and Orun communities; 1 school each in Are, Esure, Eyio, Ilomu and Iworoko communities.

Iyin community has 3 secondary schools; Eyio and Igede-Ekiti communities have 2 schools each; Afao, Are, Awo, Esure, Igbemo, Iropora and Iworoko communities have 1 secondary school each.

2.2 The Needs of the Primary Schools

Indepth interview with Mrs. Felicia Ajayi, Head of Basic Health Centre, Ilamoye, Igede

4. Local Economy

Members of Irepodun-Ifelodun engage in farming, trading, Artisanship, small-scale businesses such as sawmilling / lumbering, rice milling, oil palm processing, as well as transporting business.

Major farm produce include: Yam, Cocoyam, Rice, Cassava, Maize, Cocoa, coffee, cashew, Oranges, mango, Palm trees, coconuts, bitter cola, Kolanuts, walnuts, peanuts, soya beans, beans, Groundnuts, Banana/Plantains, Ario, pepper, tomatoes, melon, and vegetables.

Natural Resources found in the LGA include clay, granite, kaolin, tantalite, sand, gravel, timber and large rivers.

Major Economic challenges experienced by communities in the LGA

- Inadequate power supply
- Lack of accessible roads
- Lack of credit facilities
- Lack of modern farm equipment
- Lack of markets for farm produce / inflation
- Lack of storage facilities
- Lack of lock-up shops [Eyio community]
- Lack of access to potable water
- Transportation of farm produce
- Insecurity
- Poor communication [Igede-Ekiti community]

Iropora	<ul style="list-style-type: none"> • Iropora-Eyio Road (<i>constructed a long time ago</i>) • Iropora-Esure Road (<i>constructed a long time ago</i>) • Iropora-Epe Road (<i>constructed a long time ago</i>)
Iworoko	<ul style="list-style-type: none"> • The road from Iworoko to Iyin
Orun	<ul style="list-style-type: none"> • Afao-Ijan/Ilumoba Road (constructed in 1945) • Orun-Afe Babalola Road in Ado (<i>constructed in 1945</i>). • Igbemo Orun Road

6. Security

6.1 The Security Situation

The LGA has both police and civil defence providing security. Their efforts are complemented by Amotekun, Local Vigilantes, Local Hunters and Night Guards.

There are 6 police stations located in Awo, Ilomu, Afao, Igbemo, Are/Afao, and Iyin communities. The stations in Awo and Are/Afao communities are not staffed while the station in Afao community is dilapidated.

6.2 The Security Needs

- Staffing of the police stations in Awo and Are/Afao communities
- Renovation of the dilapidated police station in Afao community.
