ACKNOWLEDGMENT

On behalf of Ikere Local Government, I wish to extend my appreciation to all the stakeholders for their active participation in producing this Community Development Plan. The Plan was produced through an inclusive and participatory process. All major stakeholders participated in the process of identifying the needs, resources and assets of the communities. They include Traditional Ruler / Chiefs, *Baale*, *Iyalojas*, Chairs of Community Development Associations, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees as well as LGA Officials.

We express our appreciation to the team of volunteers and LGA Officials who worked tirelessly moving from community to community, organising Focus Group Discussions and in-depth interviews with different community members to collate their needs, visiting schools, health facilities and social amenities to ascertain their conditions. We also thank the Traditional Rulers and chiefs for their support.

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) supported by the MacArthur Foundation.

Our people have expressed their needs and aspirations for promoting their progress and welfare. This Community Development Plan will go a long way in helping us to achieve cost-effective development of our communities.

The LGA will work closely with the different stakeholders to ensure effective implementation of this Plan.

INTRODUCTION

This Community Development Plan (2021 – 2023) of Ikere Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan is the outcome of a collaborative effort of the Local Government and community leaders. It was developed through a highly inclusive and participatory process, which allowed all major community stakeholders to express their voice on their needs. It captures the needs of communities as identified by the Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

The Plan outlines community needs in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

Benefits of the Community Development Plan

This Community Development Plan is beneficial to the government and communities in many ways. It will:

- help the government to:
 - know the real needs of the people;
 - prioritise the needs of the different communities;
 - wisely allocate government funds;
- make it easier for both the LGA and the state government to harmonise their development efforts in the communities to avoid duplication of projects;
- reduce the siting of unsustainable projects in communities;
- make the budget preparation process easier for both the LGA and the state government.

In addition,

- Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- Communities can also use the plan to engage their elected representatives to choose their constituency projects from the real needs captured in the Plan;
- The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

Background Information

Ikere Local Government, with headquarters in Ikere-Ekiti, is located in Ekiti South Senatorial district. It has a population of 148,558 according to the 2006 Census and a land mass of about 266 square kilometres.

Ikere boasts of several towns and villages – *Abete, Adunogbon, Afao, Agbado, Ajolagun, Anaye, Araromi,*

Are, Arokun, Ayede, Ayetoro, Bolorunduro, Igbooka, Ikoyi, Ilumoba, Ilupeju, Ilu-Titun, Irewolede, Kajola, Odo-Oja, Ogba-Afoju, Ogo-Oluwa, Oke-Igbe, Oke-kere, Oke-Opa, Oke-Osun, Oko-Aso, Onibonoje, Oyepeju, Sasa, University (Bouseti) and Uro. There are also emerging communities like Ebira community, Hausa community and Igbo community.

Vision of the Communities in Olorunda Local Government

We want to see a united, peaceful and cooperative society with improved services like water, schools, hospitals, roads, recreational facilities, security, and industries to empower our citizens.

How the Plan was developed

A team of volunteers made up of Community Leaders and Community Development Officers in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment; the team then carried out the needs assessment.

The needs assessment was carried out over a period of 3 weeks in 24 communities in the LGA.

The Team went round the communities, visited the Obas, and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders interviewed include: Oba, Council Chiefs, *Baale*, Iyalojas, youths, women, Persons with Disabilities, Artisans, workers, health workers and teachers.

The LGA team also visited health facilities, water sources and schools to ascertain the conditions of the facilities.

A Town Hall Meeting was organised to review the Needs collected by the Needs Assessment Team. At the Town Hall Meeting, stakeholders reviewed the Community Needs that the Team had collated to make sure that they were accurate. The stakeholders were able to make further input, which helped to ensure that the collated Needs actually reflect the real Needs of the communities.

The 24 communities covered in the needs assessment are:

<i>Abete</i>	<i>Araromi</i>	<i>Ilupeju</i>	<i>Oke-kere</i>
<i>Adunogbon</i>	<i>Are</i>	<i>Kajola</i>	<i>Oke-Osun</i>
<i>Afao</i>	<i>Arokun</i>	<i>Odo-Oja</i>	<i>Oyepeju</i>
<i>Agbado</i>	<i>Ayede</i>	<i>Ogba-Afoju</i>	<i>Sasa</i>
<i>Ajolagun</i>	<i>Ayetoro</i>	<i>Ogo-Oluwa</i>	<i>University (Bouseti)</i>
<i>Anaye</i>	<i>Ilumoba</i>	<i>Oke-Igbe</i>	<i>Uro</i>

THE NEEDS OF THE COMMUNITIES

1. Water and Waste Disposal

1.1 The Water Situation

Major sources of water in the Local Government are boreholes, wells and stream. Apart from the public boreholes, which members of the community do not pay to access, some families have personal boreholes.

Faulty Boreholes

3 boreholes are not functioning in the Local Government. 1 in Afao market in *Afao* community; 1 is located in *Ayetoro* community and the last one in *Oke Igbe* community (near Mr Ezekiel's House).

1.2 The Waste Disposal Situation

There is need for a proper waste disposal system in the Local Government. Right now, household waste is thrown into the bush, burnt or dumped in drainages.

There is also need to ensure that households have proper toilet systems. Households without toilets practice open defecation.

2. Education Sector

2.1 The Situation of schools in the LGA

There are 32 Public Primary Schools and 11 Public Secondary Schools in the Local Government. The primary schools are located in the following 16 communities: *Afao, Agbado, Ajolagun, Araromi, Are, Ayede, Ayetoro, Ilumoba, Ilupeju, Odo-Oja, Ogba-Afoju, Oke-kere, Oke-Osun, Sasa, University (Bouseti) and Uro.*

The Secondary Schools are located in the following 9 communities: *Ajolagun, Anaye, Ayetoro, Kajola, Odo-Oja, Ogba-Afoju, Oke-Igbe, Oke-Osun and Oyepeju.*

4 communities do not have any public schools; these are *Abete, Adunogbon, Arokun and Ogo-Oluwa* communities.

4. Local Economy

The communities engage in farming, petty trading and artisanship. Farm produce include: maize, yam, cassava, banana, cocoa, rice, watermelon, sweet potatoes, tomatoes, onions, pepper and vegetables.

The LG has mineral resources like Rocks and Kaolin. It also has 2 miraculous spring waters in *Odo-Oja* and *Odo-Ebu* communities.

Major Economic challenges experienced by communities in the LGA

- No access to soft loans or credit facilities
- Poor patronage from the government and members of the community
- High cost of / insufficient raw materials
- Lack of modern farming equipment
- Irregular electricity supply
- Irregular rainfall
- Lack of good roads
- Lack of potable water
- Insecurity
