Vision of the Communities in Ise-Orun Local Government	04
How the Plan was developed	04
The Needs of the Communities	06

## ACKNOWLEDGMENT

Ise-Orun Local Government expresses its deep appreciation to all the stakeholders that participated in producing this laudable Community Development Plan. This Plan was produced through a highly inclusive and participatory process. No stakeholder group was left out of the process. The following major stakeholders actively participated in the process of identifying the needs, resources and assets of the communities: Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees. The support of the Traditional Rulers and Chiefs as well as that of all the stakeholders helped to make this Community Development Plan a reality.

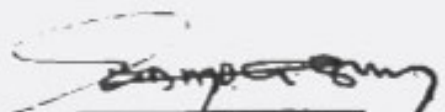

We also express our appreciation to the team of community volunteers and Local Government Officials who worked tirelessly over a period of 3 weeks, moving from community to community, organising Focus Group Discussions and In-depth Interviews with different community members to collate their needs, and also visited schools, health facilities and the sites of social amenities to ascertain their conditions.

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) supported by the MacArthur Foundation.

Through this Community Development Plan, our communities have expressed their needs and aspirations for promoting their progress and welfare. We have no doubt that this Plan will go a long way in helping us to achieve cost-effective development at the local level.

The LGA will work closely with the different stakeholders to ensure effective implementation of this Plan.

 23/11/2021  
Name:   
Chairman, Ise-Orun Local Government  
Hon. KABI-OLARINMOYE

  
Name: Hon. ADEIUNJI DAVID ASAMO  
Chairman, Traditional Council of Obas

## INTRODUCTION

This Community Development Plan (2021 – 2023) of Ise-Orun Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan is the outcome of a collaborative effort of the Local Government and community leaders. It was developed through a highly inclusive and participatory process, which allowed all major community stakeholders to express their voice on their needs. It captures the needs of communities as identified by the Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

The Plan outlines community needs in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

### Benefits of the Community Development Plan

This Community Development Plan is beneficial to the government and communities in many ways. It will:

- help the government to:
  - know the real needs of the people;
  - prioritise the needs of the different communities;
  - wisely allocate government funds;
- make it easier for both the LGA and the state government to harmonise their development efforts in the communities to avoid duplication of projects;
- reduce the siting of unsustainable projects in communities;
- make the budget preparation process easier for both the LGA and the state government.

In addition:

- Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- Communities can also use the plan to engage their elected representatives to choose their constituency projects from the real needs captured in the Plan;
- The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

### Background Information

Ise-Orun Local Government, with headquarters in Ise-Ekiti, is located in Ekiti South Senatorial district. It has a population of 113,951 according to the 2006 Census. It has a landmass of about 438 square kilometres.

Ise-Orun LGA was carved out of Emure/Ise/Orun Local government in 1994. Ise-Orun has 2 major towns: Ise-Ekiti and Orun-Ekiti. Ise-Ekiti is headed by the Arinjale of Ise-Ekiti while Orun Ekiti is headed by the Olowuro of Orun-Ekiti. Ise-Ekiti is divided into three quarters, namely: Oraye, Odoose and Erinwa quarters while Orun-Ekiti has one quarter: Orun. The Ise-Orun Traditional Council is headed by Oba Arinjale of Ise-Ekiti. Members of the Council include Oba Olowuro of Orun-Ekiti and selected Chiefs from both Ise-Ekiti and Orun-Ekiti.

### Vision of the Communities in Olorunda Local Government

We want to see an organised and civilised society with basic amenities like good roads, schools, electricity, water, market and good health services.

### How the Plan was developed

A team of volunteers made up of Community Leaders and Community Development Officers in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment; the team then carried out the needs assessment.

The needs assessment was carried out over a period of 3 weeks in 26 communities in the LGA.

The Team went round the communities, visited the Obas, and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders interviewed include: Oba, Chiefs, Community Leaders, youths, women, Persons with Disabilities, Artisans, workers, health workers and teachers.

The LGA team also visited health facilities, water sources and schools to ascertain the conditions of the facilities.

A Town Hall Meeting was organised to review the Needs collected by the Needs Assessment Team. At the Town Hall Meeting, stakeholders reviewed the Community Needs that the Team had collated to make sure that they were accurate. The stakeholders were able to make further input, which helped to ensure that the collated Needs actually reflect the real Needs of the communities.

The 26 communities covered in the needs assessment are:

<i>Afolumodi</i>	<i>Erinwa</i>	<i>Ofigba</i>	<i>Olowuro</i>
<i>Ajgunle</i>	<i>Ese Okuta</i>	<i>Ogbese</i>	<i>Onisu Camp</i>
<i>Arigidi</i>	<i>Ise</i>	<i>Oge</i>	<i>Oraye</i>
<i>Arinjale</i>	<i>Itafa/Ifelodun</i>	<i>Oke-Oniyo</i>	<i>Orun</i>
<i>Eganaarin Orun</i>	<i>Kajola</i>	<i>Oke-Odi</i>	<i>Temidire</i>
<i>Egbira Camp</i>	<i>Obada</i>	<i>Okesa</i>	
<i>Egodo Orun</i>	<i>Odole</i>	<i>Okoo</i>	

*Focus Group Discussion with Community Leaders, Ise Ekiti.*

*Needs Assessment Team with Representatives of Egan-Aarin, Morupa, Opolopogun and Ipaso communities, Orun Ekiti*

## THE NEEDS OF THE COMMUNITIES

### 1. Water and Waste Disposal

#### 1.1 The Water Situation

18 out of the 26 communities rely on boreholes, dug wells or streams as their sources of water. 2 communities - *Eganaarin Orun* and *Egodo* - rely solely on streams while 6 other communities - *Arinjale*, *Egbira Camp*, *Oke-Odi*, *Oke-Oniyo*, *Olowuro* and *Orun* - rely on dug wells.

#### 1.2 The Waste Disposal Needs

There is need for proper waste disposal system in all 26 communities. At the moment, household wastes are either burnt or thrown into the surrounding bushes in the communities.

### 2. Education Sector

#### 2.1 The Situation of schools in the LGA

Ise-Orun LGA has 24 public primary schools and 6 public secondary schools.

#### 2.2 The Needs of the Primary Schools

Communities	Schools	Needs of the Schools
