ACKNOWLEDGMENT

On behalf of Ekiti East Local Government, we will like to express our sincere appreciation to all the stakeholders that participated in producing this very useful Community Development Plan. It was produced through a very inclusive and participatory process. All major stakeholders participated in the process of identifying the needs, resources and assets of the communities. They include Traditional Ruler / Chiefs, Baale, Iyalojas, Chairs of Community Development Associations, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees as well as LGA Officials.

We express our appreciation to the team of volunteers and LGA Officials who worked tirelessly moving from community to community, organising Focus Group Discussions and in-depth interviews with different community members to collate their needs, visiting schools, health facilities and social amenities to ascertain their conditions. We also thank the Traditional Ruler and chiefs for their support.

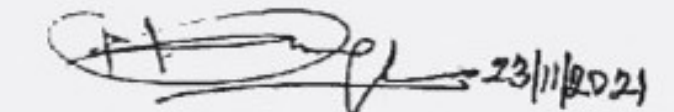

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) supported by the MacArthur Foundation.

Our people have expressed their needs and aspirations for promoting their progress and welfare. This Community Development Plan will go a long way in helping us to achieve cost-effective development of our communities.

The LGA will work closely with the different stakeholders to ensure effective implementation of this Plan.

INTRODUCTION

This Community Development Plan (2021–2023) of Ikere Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan is the outcome of a collaborative effort of the Local Government and community leaders. It was developed through a highly inclusive and participatory process, which allowed all major community stakeholders to express their voice on their needs. It captures the needs of communities as identified by the Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

The Plan outlines community needs in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

Benefits of the Community Development Plan

This Community Development Plan is beneficial to the government and communities in many ways. It will:

- help the government to:
 - know the real needs of the people;
 - prioritise the needs of the different communities;
 - wisely allocate government funds;
- make it easier for both the LGA and the state government to harmonise their development efforts in the communities to avoid duplication of projects;
- reduce the siting of unsustainable projects in communities;
- make the budget preparation process easier for both the LGA and the state government.

In addition,

- Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- Communities can also use the plan to engage their elected representatives to choose their constituency projects from the real needs captured in the Plan;
- The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

Background Information

Ekiti East Local Government, with headquarters in Omuo Ekiti, is located in Ekiti South Senatorial district of Ekiti State. It has a population of 138,340 according to 2006 Census. It has a land area of about 325 square kilometers. It has 6 major towns that are governed by their traditional rulers - the Olomuo of Omuo-Ekiti, the Alasa of Ilasa Ekiti, the Onisin of Isinbode Ekiti, the Oloja of Araromi-oke Ekiti, the Eleda of Eda Ile Ekiti, and the Onikun of Ikun-Oba Ekiti.

The major occupation of the people in Ekiti East Local Government is farming and trading. The farm produce are: yams, cocoyam, cassava, potatoes, millets, guinea corn, maize, plantains, banana, pineapple, watermelon, groundnuts, kolanuts, palm oil and cocoa.

The Local Government has witnessed rapid growth, which prompted the state government to grant autonomy more communities. The people are peace loving and very accommodating.

Vision of the Communities in Ayedire Local Government

We want a civilised and developed society with rapid developmental growth through interventions in Education, Health, Economy, Water and Road networks.

How the Plan was developed

A team of volunteers made up of community leaders and community development officers in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment.

The needs assessment was carried out over a period of 3 weeks in 11 communities in the LGA. The communities are: Ahan Ayegunle Ekiti, Araromi Oke Ekiti, Araromi Ugbeshi Ekiti, Eda-Ile, Ikun Oba Ekiti, Ilasa Ekiti, Isaya Ekiti, Isinbode Ekiti, Kota Ekiti, Omuo Ekiti, and Omuo Ekiti.

The Team went round the communities and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders that helped to identify the needs of the communities include: Obas, Council Chiefs, youths, women, Persons with Disabilities, Artisans, workers, health workers and teachers.

The LGA team also visited health facilities and schools to ascertain the conditions of the facilities.

A Town Hall Meeting was organised to review the needs collected by the Needs Assessment Team. The purpose was to share the collated needs with the stakeholders to make sure that the team properly captured those needs that stakeholders identified during the needs assessment. At the Town Hall Meeting, stakeholders were able to make further input, which helped to ensure that the collated needs actually reflect the real needs of the communities.

Needs Assessment Team Members with HRH, Oba Jegede Ogunjaye, Alahan Ayegunle Ekiti

THE NEEDS OF THE COMMUNITIES

1. Water and Waste Disposal

1.1 The Water Situation

Out of the 11 communities, 4 communities have functional boreholes. These are *Ahan Ayegunle Ekiti, Eda-Ile, Ilasa Ekiti and Omuo Ekiti* communities.

The remaining 7 communities rely on either deep-well or stream as their source of water. There are also individually dug wells in most of the communities.

Faulty Boreholes:

- 3 handpump boreholes located at the Centre of Araromi Oke-Ekiti;
- all the boreholes in Araromi Ugbesi-Ekiti community
- all the boreholes in Ikun Oba Ekiti community
- 5 handpump boreholes at the centre of Isinbode Ekiti community
- All the boreholes in Kota Ekiti community
- Boreholes in Omuoke Ekiti located in the centre of the community.

1.2 The Waste Disposal Need

There is need for proper waste disposal system in all 11 communities. There is no proper waste disposal system in all the communities. Waste is either burned or thrown into the bush. With respect to human waste, there is need to ensure that all households have proper toilets, members of the community practice open defecation.

2. Education Sector

Ekiti East has 42 public Nursery and Primary schools and 11 Secondary Schools.

General Conditions of the Schools:

75% of schools surveyed lack toilet facilities with 72% of schools lacking potable water. All the schools surveyed require their blocks of classrooms renovated. The schools lack recreational facility and teaching aids.

One of the schools – Eda Ile Community High School – has 3 teachers attending to 370 students (1:123), which is above the ratio of 1:40 recommended by the National Policy on Education.

2.1 The Needs of the 42 Nursery and Primary Schools

Abandoned Basic Health Centre at Ikun-Oba Ekiti

4. Local Economy

Economic activities of communities in Ekiti East LGA include farming, trading and Artisanry. Farm produce cultivated include yams, cassava, cocoyam, potatoes, millets, maize, guinea corn, groundnuts, kolanuts, plantains, banana, palm oil, pineapple, watermelon and cocoa.

The Local Government also has some mineral resources that can be developed for the benefit of the communities. These include Gold, Bitumen, Lead, Timbers, Quarry Sand and Laterite. Ahan Ayegunle Ekiti, Eda-Ile,

Major Economic challenges experienced by communities in the LGA

- Access to soft loans and credit facilities
- Access roads to farms
- Lack of storage facilities
- Electricity
- Insecurity

5. Basic Infrastructure: Roads

The Local Government has a good network of roads between communities and also connecting to other local governments. However, some of the roads, though, accessible, require repairs, including drainages, to make them motorable.

<i>Communities</i>	<i>Roads that need repair and rehabilitation</i>
Ahan Ayegunle Ekiti	<ul style="list-style-type: none">• The road from Ahan Ayegunle to Eriti Akoko
Araromi oke Ekiti	<ul style="list-style-type: none">• The road from Araromi Oke to Igbagun
Ikun-Oba Ekiti	<ul style="list-style-type: none">• The road from Ikun-Oba to Igbagun
Isinbode Ekiti	<ul style="list-style-type: none">• The Isinbode-Ikole Road
Eda Ile Ekiti	<ul style="list-style-type: none">• The road from Eda Ile to Ayedun Ekiti• The road from Eda Ile to Ayebode Ekiti• The road from Eda Ile to Ara Ekiti• The road from Eda Ile to Isinbode Ekiti• The road from Eda Ile to Omuo Ekiti• The road from Eda Ile to Ilasa Ekiti• The road from Eda Ile to Ikole Ekiti
Omuo Ekiti	<ul style="list-style-type: none">• The road from Omuo to Isinbode• The road from Omuo to Okeagbe• The road from Omuo to Kogi
Omoooke Ekiti	<ul style="list-style-type: none">• Omoooke-Igbagun/Alu Road• Omoooke-Eriti/Ajowa/Igasi Road

6. Security

6.1 *The Security Situation in the LCDA*

4 communities have a Police Station – Ilasa Ekiti, Isinbode Ekiti, Omuo Ekiti and Omuooke. 3 communities - Ilasa Ekiti, Omuo Ekiti and Omuooke - also have the NSCDC, Amotekun, and Peace Corps. The communities also have Amotekun, NSCDC, Peace Corps, Vigilante and local hunters to compliment the activities of the police.

6.2 *The Security Need*

- Operational vehicles for police
- There is need for citing of police post in some of the communities where they don't have within the LGA.
