Vision of the Communities in Ekiti West Local Government	04
How the Plan was developed	04
The Needs of the Communities	05

## ACKNOWLEDGMENT

On behalf of Ekiti West Local Government, we wish to express our deepest appreciation to all the stakeholders that participated in producing this very useful Community Development Plan. This Plan was produced through a highly inclusive and participatory process. No stakeholder group was left out of the process. The following major stakeholders actively participated in the process of identifying the needs, resources and assets of the communities: Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees. The support of the Traditional Rulers and Chiefs as well as that of all the stakeholders helped to make this Community Development Plan a reality.

We also express our appreciation to the team of community volunteers and Local Government Officials who worked tirelessly over a period of 3 weeks, moving from community to community, organising Focus Group Discussions and In-depth Interviews with different community members to collate their needs, and also visited schools, health facilities and the sites of social amenities to ascertain their conditions.

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) supported by the MacArthur Foundation.

Through this Community Development Plan, our communities have expressed their needs and aspirations for promoting their progress and welfare. We have no doubt that this Plan will go a long way in helping us to achieve cost-effective development at the local level.

The LGA will work closely with the different stakeholders to ensure effective implementation of this Plan.

KAREEM AGNIBIRIJI  
24/11/2020  
Chairman, Ekiti West LGA

Chairman, Traditional Council of Obas

## INTRODUCTION

This Community Development Plan (2021 – 2023) of Ekiti West Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan is the outcome of a collaborative effort of the Local Government and community leaders. It was developed through a highly inclusive and participatory process, which allowed all major community stakeholders to express their voice on their needs. It captures the needs of communities as identified by the Traditional Rulers, Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

The Plan outlines community needs in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

### Benefits of the Community Development Plan

This Community Development Plan is beneficial to the government and communities in many ways. It will:

- help the government to:
  - know the real needs of the people;
  - prioritise the needs of the different communities;
  - wisely allocate government funds;
- make it easier for both the LGA and the state government to harmonise their development efforts in the communities to avoid duplication of projects;
- reduce the siting of unsustainable projects in communities;
- make the budget preparation process easier for both the LGA and the state government.

In addition:

- Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- Communities can also use the plan to engage their elected representatives to choose their constituency projects from the real needs captured in the Plan;
- The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

### Background Information

Ekiti West Local Government, with headquarters in Aramoko, is located in Ekiti Central Senatorial district. It has a population of 179,600 according to 2006 Census. It covers a land area of about 371 square kilometres.

Ekiti West Local Government was created in 1976 following the creation of Ekiti State in 1976 [Edict No (6) of 1976]. Ekiti West local government consists of seven major towns and shares boundaries with Ifelodun/Irepodun, Efon Alaaye, Ijero local governments as well as Oriade Local Government in Osun State.

Members of the communities engage in farming, petty trading and artisanship. Farm produce include: yam, cassava, cocoyam, rice (Igbemo rice), local rice (ofada), tomatoes, pepper, palm oil, and cocoa.

### Vision of the Communities in Olorunda Local Government

We want to see viable communities with upgraded social amenities and infrastructure - quality education, potable water, good health care services, and good road network – that ensure improved quality of lives of citizens.

### How the Plan was developed

A team of volunteers made up of Community Leaders and Community Development Officers in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment; the team then carried out the needs assessment.

The needs assessment was carried out over a period of 3 weeks in 25 communities in the LGA.

The Team went round the communities, visited the Obas, and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders interviewed include: Obas, Council Chiefs, youths, women, Persons with Disabilities, Artisans, workers, health workers and teachers.

The LGA team also visited health facilities, water sources and schools to ascertain the conditions of the facilities.

A Town Hall Meeting was organised to review the Needs collected by the Needs Assessment Team. At the Town Hall Meeting, stakeholders reviewed the Community Needs that the Team had collated to make sure that they were accurate. The stakeholders were able to make further input, which helped to ensure that the collated Needs actually reflect the real Needs of the communities.

The 25 communities covered in the needs assessment are:

<i>Ajaye</i>	<i>Aramoko</i>	<i>Erio-Ekiti</i>	<i>Ipole-Iloro</i>	<i>Okemesi</i>
<i>Ajebamudele</i>	<i>Asa</i>	<i>Ido-Ile</i>	<i>Odeyemi</i>	<i>Oko-Oro</i>
<i>Ajindo</i>	<i>Egbeja</i>	<i>Ijoko/Akorope</i>	<i>Ogborodo</i>	<i>Omi Elefun</i>
<i>Alaje</i>	<i>Epinrin</i>	<i>Ikogosi</i>	<i>Oke Ago</i>	<i>Oriokuta</i>
<i>Alawaye</i>	<i>Erijiyan</i>	<i>Ileona</i>	<i>Oke Osun</i>	<i>Osun</i>

## THE NEEDS OF THE COMMUNITIES

---

### 1. Water and Waste Disposal

#### 1.1 *The Water Situation*

Out of the 25 communities in Ekiti West LGA, only 9 communities have functional boreholes. These are *Ajebamudele, Alaje, Alawaye, Egbeja, Epinrin, Erio-Ekiti, Ido-Ile, Ikogosi, Oriokuta and Osun communities.*

The remaining 16 communities rely on deep-well or river / stream as their source of water. There are also individually dug wells in most of the communities.

##### ***Faulty Boreholes:***

All boreholes located in *Ajaye, Ipole-Iloro, Ileona and Okemesi* communities are faulty and not functioning.

##### ***Faulty Water Facility:***

The water facility in Aramoko located at *Ajowe/Ijowa* has been abandoned. The facility was benefiting about 8,000 community members.

#### 1.2 *The Waste Disposal Need*

There is need for a proper waste disposal system in the communities. At the moment, 21 communities report that Household wastes are collected and burnt or thrown into the bush.

With respect to human waste, it is either thrown into the bush or disposed through public and private toilets. 8 communities practice open defecation; these are *Ajaye, Asa, Erijiyan, Ijoko/Akorope, Ileona, Odeyemi, Ogborodo and Osun* communities.

### 2. Education Sector

#### 2.1 *The Situation of schools in the Council*

Ekiti West has 32 primary schools and 8 secondary schools.

#### 2.2 *Communities without Schools*

6 communities do not have any public schools; these are *Alaje, Alawaye, Epinrin, Ijoko/Akorope, Ogborodo and Oko Oro.* The children from these communities attend schools in neighbouring communities.

### 2.3 The Needs of the 32 Primary Schools

*Dilapidated Classrooms in Community Grammar School, Aromoko*

### 3. Health

#### 3.1 The Situation of Health Care Centres in the LGA

The LGA has 22 functional Health Care Centres located in the following communities: Ajaye, Ajebamidele, Aramoko, Asa, Epinrin, Erijiyan, Erio, Ido-Ile, Ikogosi, Ileona, Ipole-Iloro, Okemesi, Oko-Oro, Omi Elefun, Oriokuta, and Osun communities

#### 3.2 Communities without Primary Health Care Centres:

8 communities do not have primary health centres. These are *Ajindo, Alaje, Alawaye, Egbeja, Ijoko/Akorope, Ogborodo, Oke-Osun and Oko-Oro*. Community members make use of private clinics or go to neighbouring communities for treatments.

#### 3.3 The Needs of the Health Centres

<b>Communities</b>	<b>Health Centre</b>	<b>Needs of the Centres</b>
Ajaye	<p><b>Ajaye health centre</b>  <b>Located at Aramoko 1 Ward, along Igede Road</b></p> <ul style="list-style-type: none"> <li>• Average number of patients per year: 92</li> <li>• Major sickness: Malaria</li> <li>• Staff               <ul style="list-style-type: none"> <li>○ CHEWs: 2</li> <li>○ Medical Record: 1</li> <li>○ Nutrition Officer: 1</li> <li>○ Attendant: 1</li> </ul> </li> </ul>	<p><b>The Health Centre needs:</b></p> <ul style="list-style-type: none"> <li>• Renovation of the Facility (leaking roof)</li> <li>• Medical and delivery equipment</li> <li>• Regular supply of Drugs</li> <li>• More beds</li> <li>• Completion of the borehole initiated by UNICEF</li> </ul>

*Dilapidated Comprehensive Health Centre, Oke-Ago Village, Ido-Ile*

#### **4. Local Economy**

##### **4.1 *Economic Activities***

Economic activities of communities in Ekiti West include farming, trading and artisanship. Farm produce include yam, cocoyam, potatoes, rice, tomatoes, vegetables cassava, maize, okra, pepper, banana, cashew, oranges, pineapple, plantain, cocoa, coconut, coffee, groundnut, kolanut, and palm oil.

##### **4.2 *Resources***

3 communities have mineral resources that can be developed to add value to the communities. They are Erijiyan (gold and chalk), Ikogosi (gold) and Ileona (granite and mica). Erijiyan also has the Omi-Erin water just as Ikogosi has the Ikogosi warm spring.

##### **4.3 *Major Economic challenges experienced by communities in the LCDA***

- Bad condition of farm road
- Electricity
- Farming equipment
- Insecurity
- Lack of mechanization in farming
- Lack of a stable market place

- Lack of storage facility
- Lack of transportation
- Poor finances of business

## 5. Basic Infrastructure: Roads

<b>Communities</b>	<b>Roads that need repair and rehabilitation</b>
<b>Ajaye</b>	<ul style="list-style-type: none"> <li>• The road from Igede Express Road to Odo Ajaye to OkeAjaye</li> </ul>

<b>Osun</b>	<ul style="list-style-type: none"> <li>• The Aba-Osun – Ikogosi road</li> <li>• The Aba-Osun - Asa / Oriokuta road</li> </ul>

## 6. Security

### 6.1 *The Security Situation in the LGA*

The Nigeria Police Force, the Nigerian Civil Defence Corp, and local hunters provide security in the LGA. Some communities like *Alaje, Alawaye, Egbeja and Ijoko/Akorope* rely only on local hunters for protection.

### 6.2 *The Security Need*

- Operational vehicles for police and Civil Defence Corps
- There is need for citing of police post in some of the communities where they don't have within the LGA.
