Acknowledgment

This Plan is a collaborative effort between community leaders and LGA officials in Emure Local Government. It was produced through a very inclusive and participatory process.

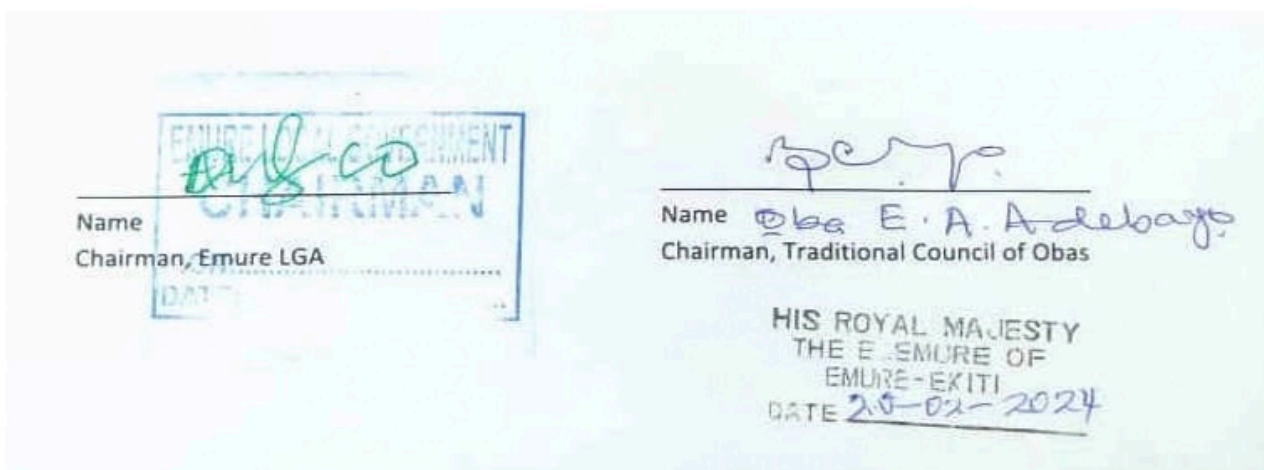

All major stakeholders participated in the process of identifying the needs as well as the resources and assets of the communities. They include Traditional Rulers / Chiefs, Persons with Disabilities, Youths, Women, Artisans, Farmers, Workers, the Elderly and Retirees.

Our people have expressed their needs and aspirations for promoting their progress and welfare. This Community Development Plan will go a long way in helping us to achieve cost-effective development of our communities.

We express our appreciation to the team of volunteers and LGA Officials who worked tirelessly moving from community to community, organising Focus Group Discussions and Key Informant Interviews with different community members to collate their needs, visiting schools, health facilities, and social amenities to ascertain their conditions. We also thank the Traditional Rulers and Chiefs for their support.

Lastly, our profound gratitude goes to our technical partner, Community Life Project (CLP) in partnership with the Nigerian Civil Society Situation Room ably supported by the UK Foreign, Commonwealth and Development Office (FCDO).

We will work closely with the different stakeholders to ensure effective implementation of this Plan.

Introduction

This Community Development Plan (2024 – 2026) of Emure Local Government Area (LGA) outlines the vision and development needs of the communities in the LGA. The Plan was developed through a collaborative effort of the LGA and community leaders. It outlines community needs and projects in the following areas: Water and Sanitation, Education, Health, Local Economy, Basic Infrastructure (Roads), and Security.

Benefits of the Community Development Plan

- * It helps the government to:
 - o Know the real needs of the people;
 - o understand the priority needs of the different communities; the various competing needs of the different communities that the government needs to prioritise when allocating resources for projects;
 - o wisely allocate government funds;
- * It makes it easier for the LGA and the state government to prepare their annual budgets;
- * It makes it easier for both the local government and the state government to harmonise their development efforts in the communities to avoid duplication of projects.
- * It reduces the siting of unsustainable projects in communities;
- * Communities and the LGA can use the plan to solicit for support for projects from prominent sons and daughters of the communities, corporate bodies, foundations and philanthropists.
- * Communities can also use the plan to engage their elected representatives to pick their constituency projects from the real needs captured in the Plan;
- * The Plan will help the LGA create a sense of belonging for members of the community, as they work together with government to solve their problems.

Brief Profile of Emure Local Government

Emure Local Government is in Ekiti South Senatorial district of Ekiti State. It has a land mass of 301km² and a population of 94,264 (2006 census). Emure Local Government has its administrative headquarters located in Emure-Ekiti.

The ancestors of today's Emure Ijaloke can be traced to Ile-Ife, the cradle of the Yorubas. Oral history has it that the present-day Emure-Ekiti once had a homestead in Ilare, in Ile-Ife around 1290 AD and was there for well over two centuries. The first of the rulers to reign over the people at Ilare was Oba Sobebe.

Emure kingdom takes after Yoruba traditions, culture, and festivals. There are particular times of the year when certain festivals and traditional practices are observed; a few of these traditions include Iluyonwa, Airegbe, Ileodun, Ero, Opa-Oguru, Ipon, Etintin, Ogun, Egungun.

How the Plan was developed

A team of volunteers made up of Grassroots Community Leaders and Local Government officials (Directors of Budget and Community Development) in the LGA were trained by our technical partner, Community Life Project (CLP), on how to carry out participatory needs assessment.

The needs assessment was carried out over 3 weeks in 20 communities in the LGA. The communities are:

Adeboye	Alapoto	Ibesi Shittu	Oge
Agbanimu	Anaye	Idamudu	OkeEmure
Ajebamidele	Ariyasi	Kajola	Okeseri
Akintola Camp	Egbeda	Odo-Emure	Ose
Alabamarun	Eporo	Ogbontioro	Sasere

The Team went around the communities and carried out Focus Group Discussions and In-Depth Interviews with different stakeholders to collate the pressing needs of the communities. The stakeholders that helped to identify the needs of the communities include: Oba, Council Chiefs, youths, women, Persons with Disabilities, Artisans, workers, health workers and teachers.

The LGA team also visited health facilities and schools to ascertain the conditions of the facilities.

A Validation Workshop was organised to review the needs collected by the Needs Assessment Team. Present at the workshop were representatives of State Ministries, Departments and Agencies, as well as Community Needs Assessment Team.

The Needs of the Communities

1. Water and Waste Disposal

1.1 The Water Situation

Communities that need new boreholes or require their boreholes repaired are: Adeboye, Agbanimu, Ajebamidele, Akintola Camp, Anaye, Egbeda, Eporo, Idamudu, Kajola, OdoEmure [Olojido and Adagbara areas], Ogbontioro [Market and Onisa areas], Oge, Okeseri, Ose-Kola, and Sasere.

1.2 The Waste Disposal Situation

Communities in Emure either burn their waste or dispose of them by throwing them in the bush. Many still practice open defecation

Waste Disposal Needs

- * Provision of Public Toilets
- * Waste Disposal Bins

2. Education Sector:

2.1 The Needs of the 30 Primary Schools

Communities	Schools	Needs of the Schools
Adu	Adu Community Primary School, Adu Camp <ul style="list-style-type: none"> • Founded:2017 • Number of Pupils: • Number of Teachers: 2 (Female: 0, Male: 2) • Number of Good Classroom Blocks: 3 	The school needs: <ul style="list-style-type: none"> • Fence

5. Local Economy

The majority of its inhabitants engage in farming and trading, with a large percentage of artisans.

Major Economic challenges experienced by communities in the LGA

- * High cost of farm equipment
- * Electricity failure
- * Cost of transportation
- * Lack of tractors
- * Low patronage of farm products

6. Security

6.1 The Security Situation in the LGA

Out of 14 communities, only 2 have any form of security – Emure Township and Eporo community. The security agencies include the Nigerian Police Force, NSCDC, Peace Corps, Amotekun, and National Hunters.

The major challenges faced by the communities are kidnapping, drug pushing, vandalism of farms by herdsmen, stealing of farm products, armed robbery.

6.2 The Security Needs

- * Patrol vehicles and motorcycles
- * Arms and ammunition
- * Police posts in all other communities

7. Needs of Persons with Disabilities (PWDs)

- * Accessibility to facilities and communication network
- * Mobility accessibility Aids such as wheelchairs, clutches, and prostheses
- * Employment empowerment
- * Skill and training workshop for PWDs
- * Regular awareness on gender-based violence
